Subject: FLOCK MOU - SMPD/SLOSO

Good afternoon,

I apologize for the multiple emails on these contracts, but we are just pushing them along as they come in to us. As of right now, we are expecting one more to be returned to us from the Santa Barbara County Sheriff's Office.

The attached MOU requires the signatures of both Risk and City Attorney. I am forwarding the agreement to you via interoffice mail, but wanted to provide you with details before it comes across your desk.

Details: Both SMPD and San Luis Obispo County Sheriff's Office (SLOSO) use FLOCK for the license plate reader program. This MOU outlines the conditions under which SMPD and SLOSO can share and use certain law enforcement information obtained through the FLOCK system.

Please contact Cmdr. Dan Cohen with any questions on the agreement. Thank you!

Tiffany -

This is a copy of a Flock data sharing agreement from SLOSO. Could you please route this for signature then get me a copy once signed?

Thank you,

Dan

Justin –

Attached is a proposed LPR Sharing Agreement. If this works for your agency, please email me a signed copy. Once received, I'll get signatures on my end, then send you a countersigned copy. We will then flip the switch to grant you access to our LPRs.

If you have questions, please let me know.

Best regards,

Dan

Justin –

Yes we have an MOU we are using with Lompoc PD, SBSO, and SLOPD. We have a unique verbal agreement with the CHP because they are not Flock users. Do you have Flock cameras currently?

Feel free to give me a call, desk number is below, or my cell, 805-305-3090.

Thank you,

Dan

Hi Dan,

I know we have been playing phone tag, so I thought I would email you. We are looking at getting access to your FLOCK information. Many of the suspects in our criminal cases in southern San Luis Obispo County are associated with Santa Maria. In our last homicide in Oceano, we ended up locating the suspect in Santa Maria. SMPD's FLOCK information would greatly assist our detectives during their investigations. I understand you would need an MOU with us to access that information. If that is correct, I would like to start the process. I understand that CHP has an MOU with you to access your FLOCK information. If we proceed, can I get a copy of CHP's MOU so I can

use similar language while writing our MOU? Thank you
